### EXPERIENCE

#### Product Designer II

Dick's Sporting Goods  
Jan '20 - Present

Working closely with product managers, engineers, and designers to assess areas of opportunities and new features to design and implement into our apps. Designed and launched our all-new end-to-end mobile shopping experiences for flagship apps resulting in 1M MAU (50+% YoY and growing).

Created the mobile app white label design kit to maintain consistent UI experiences across platforms and brands.

Collaborating with a team of designers and engineers to create an internal design system. Responsible for creating Figma libraries and design documentation.

#### Jr UX Designer

Dick's Sporting Goods  
Jul '18 - Jan '20

Worked within an agile product team to deliver an internal web platform wherewithin merchandisers plan and launch pricing events. Responsible for user research, facilitating ideation sessions and stakeholder meetings, designing web interfaces and collaborating with product manager and engineers for development.

Led external projects in advocating design thinking and processes for various stakeholders. Redesigned and launched internal HR service platform. Responsible for the user research, wireframing, and mockups for developer hand-off.

#### UX Designer & Lead

Design Clinic  
2017

Collaborated with a team of 4 designers to consult design-solutions projects. Successfully delivered and presented high-fidelity prototypes to clients using InVision
